Notes

- * **Total Procurement** Some Parties count "exceptions" as part of "procurements above threshold", others do not. Where not, the value of "exceptions" has been added to the figures for "total procurement".
- Note 1** In 1995/96 only, Ontario and Québec reported on those Transitional Measures listed in Column I of Annex 508.3. These measures expired January 1, 1996.
- Note 2** Exceptions totalling \$ 3,426,920 were not itemized by category.
- Note 3** Not all procurement included. Of that listed, there is an additional \$16,041,389 (\$15,140,803 under the threshold and \$900,586 over the threshold) that has not been categorized but has been included in Total Procurements. In addition, exceptions of \$47,452,313 have not been reported separately by the required categories.
- Note 4** Data not presented according to the required criteria.
- Note 5** No breakdown has been done between exceptions made under 506(11)(a) and those made under 506(12)(a).
- Note 6** In the case of the Northwest Territories, the figures quoted for "Below Threshold" and "Above Threshold" refer to the value of procurements below \$5,000 and above \$5,000.
